

# Upgrade today Get €5,000 off Artec Leo when you trade in ANY 3D scanner

Is your 3D scanner showing its age?  
Got buyer's remorse over your current device?  
Are you looking to upgrade to a next-generation  
scanning solution?

Good news! For a limited time, you can now trade in any 3D scanner you own, new or used, entry-level or high-end, for a very special discount on Artec 3D's groundbreaking AI-powered Leo.

Contact us at [sales@artec3d.com](mailto:sales@artec3d.com) for details.

**Artec 3D**

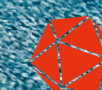

# Fast, accurate 3D scanning redefined with the revolutionary Artec Leo

Embrace the world's first wireless, AI-driven 3D scanner to rapidly capture objects with **true freedom**

**Ready, set, scan!** Leo's color display truly takes 3D scanning to the next level, by providing real-time data feedback and **freeing you from PC monitors**

Harness Leo's AI supercomputer to accelerate your scanning workflow by **only capturing data you need**

Deploy Leo's HD Mode to **scan even the most difficult-to-capture surfaces** in stunning resolution

# How to trade in for €5,000 off

Whether you already have an Artec 3D device, or you own a 3D scanner from another brand and you're looking to upgrade, we're ready to help you take the next step.

**Upgrading is easy.** Simply get in touch and we'll send you a shipping label, so you can post us (or one of our authorized resellers) your unwanted 3D scanner.

Remember, **we accept ANY 3D scanner**, as long as you're its owner and not a reseller. Don't worry about technology, manufacturer, or age, we'll take it regardless!

**We're not fussed about 3D scanner value either.** If you consider your device to be surplus to requirements, send it to us and get €5,000 off a Leo upgrade.

## Sustainability

If you're no longer using your 3D scanner, your device is past its prime, or is no longer in working condition, we'll take care of that, too. Don't dispose of it in a landfill or leave it to collect dust! Send it to us and we'll make sure your old scanner is taken care of responsibly.

## Interested in finding out more?

Got any questions about our trade-in offer or anything else related to Artec Leo? Feel free to contact one of our dedicated resellers, or reach us directly at [sales@artec3d.com](mailto:sales@artec3d.com).\*

\*Only one discount can be applied per Leo. Offer includes the Leo, Leo Education, and Leo Premium packages. Bundles not included. Subject to change, the promotion is valid until June 30, 2023.
